

"THE HONOR ROLL NATIONAL BANK"

ONE of the STOCKHOLDERS of the First National Bank of Barbourville is a DIRECTOR in the FEDERAL RESERVE BANKING SYSTEM. This puts the First National Bank of Barbourville, in direct touch with the Federal Reserve Bank, and puts it under the direct supervision of the United States Government. This ought to mean something to the man or woman who wants a safe place in which to deposit money.

In addition to this Our Bank is the UNITED STATES DEPOSITORY for the POSTAL SAVINGS BANK, for the UNITED STATES COURT, and the UNITED STATES POST OFFICE. The United States Government KNOWS the SAFEST and best MANAGED NATIONAL BANKS. The fact that the United States Government is in such close touch with this Bank SHOWS the CONFIDENCE that the Government places in it. The Books of this Bank are balanced each day and every account is kept correct to a cent. We appreciate both small as well as large accounts. If you are looking for a STRONG, CONSERVATIVE, SAFE, WELL MANAGED BANK, let us have your Business.

Washington Letter

(by Blaine Newport)

Washington, D. C., July 28, 1914.

Much has been said about President Wilson's holding Congress in session through the summer to finish his trust program. The trust bills are in the Senate for action, but they have been lying there without action while Mr. Wilson has taken up a great many days of the Senate's time attempting to force through the confirmation of Thomas D. Jones as a member of the Banking and Currency Reserve Board. The Senate did not approve of Mr. Jones. Why? Here's why:

He was the only proposed member not from seaboard states.

He was the only proposed member from the great body of the country where farm products and live stock are largely produced.

He was the second heaviest contributor to the Democratic Campaign fund, his contribution being \$40,000.

He is a dummy director of the International Harvester Company.

His company was denounced by name in the report of the Underwood Tariff Bill.

It is being prosecuted under the anti-trust laws and Mr. Jones himself is a personal defendant in that suit.

He personally approved of all the doings of that great trust.

The International Harvester Co. has been raising its prices, while grain prices have been going down.

The great agricultural section of this country thinks some farmer, banker, lawyer, merchant, or manufacturer might have been found who was not a director in the organization of the most oppressive enemy of agriculture and the American farmer.

The President talking anti-trust legislation and at the same time trying to foist upon the country the instrument of one of the greatest trusts and being beaten in his attempt was like the bank burglar who, after having bound and gagged the cashier, looted the bank, but

tarried to render a homily to the cashier on honesty. He tarried too long, however, and was caught with the goods. For Mr. Jones was not confirmed. The fight against him by the representatives of the great farming section was too hot and he withdrew and thus President Wilson was defeated in his first fight with Democrats in the Senate. "It is a matter of genuine sorrow to me," he said writing to Mr. Jones, "that a man like you should be excluded from the public service upon great occasions. But neither of us is responsible for these extraordinary circumstances."

In a speech on the floor of the House of Representatives, Charles H. Sloan, of Nebraska, charged Representative Cullop, of Indiana, with having made a statement "which contradicted every market of the United States and at the same time branded the new tariff law as ineffective in its leading purpose, which was to hammer down the prices of farm product." Mr. Sloan's speech was in answer to the recent statement made by Representative Cullop that "wheat now is a better price under Democratic times than it was in 1912 under Republican rule."

Mr. Sloan backs up his statement with figures and declares these figures were available at the time Mr. Cullop made his statements. "There is no excuse for the statement made by the gentleman from Indiana," said Mr. Sloan, "no object apparent, except to deceive the farmers who have been the most harshly used of all the people of the United States in the tariff readjustments of this Congress."

In refuting the statement by Mr. Cullop, Mr. Sloan takes five of the leading wheat markets of the United States and shows that there has been an average decrease in these five markets of eighteen cents a bushel since Republican times. He shows that under Democratic times more than four-and-one-half times as much wheat was imported as in a corresponding period under Republican times.

Mr. Sloan groups wheat prices for the first six months of this year

and compares them with the corresponding five years from 1909 to 1913, inclusive, and shows an average decrease per month between the two periods of sixteen cents a bushel. Mr. Sloan declares at the time Mr. Cullop made his statement that wheat in the Capital city of his own State was worth only seventy-nine and one-half cents, while in 1912, it was worth \$1.07 1/2. He declares there has not only been a decrease in wheat prices in Indiana since 1912, but also a decrease in the price of corn and oats, barley, potatoes, hay and flaxseed. These figures are not limited to Indiana, he says, and in a table of official figures he shows an average decrease of eight and three-quarter cents a bushel in oats in the first six months of 1914 as against the corresponding months in every year since 1909 and for the same period a decrease of nineteen cents a bushel in barley and sixty-six and one-half cents in flaxseed.

G. O. P. IS GOING TO WIN

**Rough Sledding Ahead of
Democrats; Candidates
in Kentucky for U. S.
Senate will Have Hard
Time Winning.**

Special from Washington, of July 18th to Herald, says:

"That the Democratic candidate for United States Senator in Kentucky, whoever he may be, will have a hard time getting elected this year, is the opinion, frankly expressed, of former Senator J. C. S. Blackburn, of that State.

"The ex-Senator is hopeful that the nominee of the Democrats will come to the Senate, but he is by no means sanguine. He is friendly to Representative Stanley, but admits that 'wet' support of his choice will be a handicap if he is nominated.

"In the interview here today Senator Blackburn said:

"Whoever wins the Democratic nomination for Senator will have a fight to be elected. The infernal liquor question has made politics mighty uncertain in Kentucky. Rep. Stanley, I hope, will win in the primaries, but he has been made the target of the anti-liquor forces, while former Gov. Beckham is held up as their champion. The campaign for the Democratic nomination appears to be a two-man fight. Gov. McCreary is a negligible quantity. If either Stanley or Beckham is nominated the winner will have to make a hard fight to carry the election, because no matter which way it turns the successful candidate will have opposition in his own party.

"That is the unfortunate part of it. Kentucky normally is a Democratic State, but with the injection of the liquor question in politics, there is always an element of uncertainty about any result."

The above was taken from the Louisville Herald, last Sunday's issue, and we agree with the Herald, there never was a better time for the Republican party to come to the front, and we are confident of victory this fall and also two years hence, for there never has been more discontent than there is at the present time.

CALEB POWERS A WINNER; SAYS DEM- OCRATIC PAPER

The Cincinnati Enquirer, one of the big Democratic Newspapers of the country, admitted in its last Sunday's issue that Powers was an easy winner over Bosworth. It estimated that Powers would carry 14 out of the 15 counties in the district.

Dr. V. V. Anderson to Pre- pare Criminal Report

Dr. V. V. Anderson, upon arriving in Boston, was invited by the National Clinical Criminological Association to prepare a paper and read it before the American Prison Association. Dr. Anderson will probably give a report of two hundred cases studied psychologically by him in the Boston Municipal Criminal Court.

COST OF CAMP IS \$50,000

The Most Important Day of the State Guard Meeting.

Lexington, Ky.—Pay day was the most important from the standpoint of the militiamen in the entire ten-day encampment at Fort Spring, as the troops were paid for their services in camp. There were a number of funds available for the payment of various expenses of the encampment, but the total expense of the camp is estimated at about \$50,000, of which \$25,000 was paid to the officers and men. Of this amount about \$19,000 was disbursed by Major Theodore B. Hacker, quartermaster at Fort Oglethorpe, Ga., and paymaster of the camp. Major Hacker arrived at Fort Spring and was busy one day in checking over muster rolls and other items.

SEVERAL BANKS ASK FOR MONEY.

Request Uncle Sam For a Five Hundred Thousand Dollar Loan.

Lexington, Ky.—The several national banks of Lexington sent a request to Secretary of the Treasury McAdoo for a loan of \$500,000 to aid in moving the crops of Central Kentucky. This was in response to a notice issued a month ago that the government would again consider such loans. Last year Lexington borrowed \$275,000. The increased amount is asked now because of the prospects for larger crops.

KENTUCKY ATTORNEYS TO ACT.

Will Seek To Strengthen Laws on Admission To Bar.

Mammoth Cave, Ky.—That Kentucky is the dumping ground for undesirable applicants for admission to the bar because the state's standards of admission are so low was the statement repeatedly made at business sessions of the Kentucky Bar Association in annual convention here. Resolutions were adopted by the lawyers who pledged themselves to work for remedial legislation at the next session of the General Assembly.

WILL TEST COUNTY UNIT LAW.

Shelbyville, Ky.—The opposition to an election under the county unit act made its first move when a petition was presented in the county court, with the signatures of 294 voters, asking that a separate election be held in the city of Shelbyville on the same day that the election is held in the remainder of the county, to take the sense of the voters on the prohibition of the sale of spirituous, vinous and malt liquors.

LOCATE TEXT BOOK DEPOSITORY

Louisville, Ky.—A decision to establish a joint text book depository in Kentucky was reached at a meeting held in Chicago of the 27 book companies recently awarded contracts for the furnishing of texts to be used in the rural schools of Kentucky.

VOTE FOR ROAD BOND ISSUE.

Vanceburg, Ky.—Lewis county voted in favor of issuing \$100,000 in bonds to build roads. The vote cast in 15 precincts heard from is 1,900 for and 116 against. Three precincts unreported will not make any material change in the result. This is the first county in the state to vote in favor of a bond issue under the act passed by the legislature and the result is greatly in favor of the Good Roads League.

MINK

(The Rambler)

Mr and Mrs. Forrester Brock, of Brock, newly-weds, visited Mrs. B's parents, J. W. Crook and wife, one day last week.

ST Crook made flying trip to London last week.

Mrs. Matt Blanton, of Gibbs, died of typhoid fever Thursday night and was laid in her last resting place Friday. She was the daughter of Rev. Helton, of Crane Nest, and leaves a husband and little daughter and a host of friends to mourn their loss.

Mr and Mrs. John B. Perry, who have been living in Indiana, have returned to Gibbs where they will make their home. It has been some time since they were residents of this part and we extend our old neighbors a hand of welcome.

Bert Humble and Aubrey Chesnut attended the M. E. Church at Knox Fork Saturday night.

Carson Chesnut visited his cousin, Arthur Chesnut, Saturday night.

Dave Wilson and family, of Barbourville, were visiting at W. A. and Ben Donaldson's Saturday and Sunday.

Guess Stanley McCreary will just save their "taller" in this precinct, for you know we are all for Beckham.

Aubrey E. Chesnut returned home from his school Friday and returned in time to begin school Monday. He says he is doing fine. The Trustee offered a new hat to any pupil who would come every day, Aubrey offered a prize too. If you want to see a school come to Girdler where the people are backing their teacher like every school teacher should be backed; Aubrey is young and hasn't taught very much but the people of Mink and adjoining vicinity are proud of the record he made last year and know that Girdler will have a school that will be long remembered.

Bert Humble called on Miss America Scott Sunday as usual.

J. J. Chesnut was in Gray Saturday after a load of groceries.

POWERS NEVER SOLD POST OFFICE APPOINTMENTS

To Our Friends:

Mr. Bosworth in his literature and speakings charges my brother with having gotten money for his endorsement of postmasters at Harlan, Pineville, Williamsburg, Somerset, Eubank and Jamestown, and that A. T. Smith, deceased, put up \$500 cash for Powers' endorsement of Shelton Evans for the postoffice at Middlesboro. These charges are of such a mean, low, cowardly and contemptible nature as not to deserve either notice or reply, but we believe in answering everything they may want to say about us, and will do it if given time.

My brother recommended the appointment of J. G. Kelley as postmaster at Harlan, myself as postmaster at Middlesboro, Geo. W. Patrick as postmaster at Williamsburg, Geo. Davis as postmaster at Pineville, B. J. Howard as postmaster at Eubank, T. M. Scott as postmaster at Somerset, Elmer Wheat as postmaster at Jamestown, and later when he resigned, my brother recommended the appointment of H. H. Dunbar.

We have secured the affidavit of Eugene Smith, son of A. T. Smith, deceased, showing that his father never put up the \$500, nor any other sum for either Shelton Evans or his son, Dr. J. T. Evans, as well as affidavits from the other men mentioned above, showing that Senator Bosworth's charge is base and meanly false. The affidavits referred to follow:

Affidavit of Eugene Smith, of Middlesboro.

STATE OF KENTUCKY
COUNTY OF BELL

The affiant, Eugene Smith, states that he is the son of A. T. Smith, deceased. That he is now managing the business of his father; that he knows that his father never put up \$500 or any other sum for Dr. J. T. Evans or his father for the post office at Middlesboro, Ky., or for the influence of Caleb Powers in securing the appointment either for Evans or his father.

(Signed) EUGENE SMITH.

Subscribed and sworn to by Eugene Smith before me, this July 15, 1914.

R. L. MADDOX, Notary Public, Bell County.

Affidavit of H. H. Dunbar, of Jamestown.

STATE OF KENTUCKY
COUNTY OF RUSSELL

The affiant, H. H. Dunbar, states that after Elmer Wheat ceased to be postmaster at Jamestown, Ky., that he, the said Dunbar, was appointed to said position upon the recommendation of Congressman Caleb Powers; that the affiant did not pay a single cent or any other sum, either directly or indirectly, for said endorsement of the said Powers to the said position, nor has any request ever been made for me to do so.

(Signed) H. H. DUNBAR.

Subscribed and sworn to before me by H. H. Dunbar, this July 17, 1914.

W. S. KNIGHT, Notary Public.

My commission expires March 3, 1918.

Affidavit of Elmer Wheat, of Jamestown.

STATE OF KENTUCKY
COUNTY OF RUSSELL

The affiant, Elmer Wheat, states that he was appointed postmaster at Jamestown, Ky., upon the recommendation of Congressman Caleb Powers; that he never paid the said Powers, either directly or indirectly, one cent or any other sum, for the said endorsement of him for said position.

(Signed) ELMER WHEAT.

Subscribed and sworn to before me by Elmer Wheat, this July 17, 1914.

R. E. LELOYD, Notary Public.

The affiant, George Patrick, states that he was an applicant for the postmastership at Williamsburg, Ky., that Congressman Caleb Powers endorsed him for that office; that said Powers neither requested nor received from him directly or indirectly a single cent for said endorsement, and that said affiant, nor any one for him, ever paid a single cent for either the post office or for the said endorsement of the said Powers.

(Signed) G. W. PATRICK.

Subscribed and sworn to before me by George Patrick, this July 14, 1914.

OSCAR BISHOP,

Notary Public, Whitley County.

My brother made a speech in Pineville, Ky., July 13, 1914; and in that speech he challenged his enemies to produce in the court house George Davis, the man he had recommended for postmastership at Pineville, saying that he could show by him, if Davis was present, that he never paid a single cent, either directly or indirectly, for the endorsement of my brother. Davis never showed up. He never paid a cent for my brother's endorsement, and of course I never paid my brother to endorse me at Middlesboro.

In December, 1913, enemies of Caleb Powers tried to get him into trouble, and at the same time remove T. M. Scott as postmaster at Somerset, Ky., on the charge that he procured his appointment through money consideration from my brother. The Democratic administration sent two inspectors down to Somerset to investigate it. After having made a thorough investigation of all my brother's appointments, and after having taken statements from his former private Secretary, Chas. E. Herd, and others, the inspectors made their report; and while the post office guards from the public with much care the reports of its inspectors, the Cincinnati Enquirer, a Democratic paper, in a dispatch from Washington, D. C., on December 15, 1913 said, "Charges of inefficiency are said to have been sustained against T. M. Scott, postmaster at Somerset, Ky. It is also declared that Representative Caleb Powers, against whom charges were also filed, as having been the recipient of money from Scott in return for his recommendation of the latter's appointment, has been exonerated by the investigation, and that the charges against Scott have also been wiped out by the investigation."

So after my brother has been exonerated, declared without blame by a Democratic administration, it remains for his opponent, Joe Bosworth, an ex-Democrat, now posing as a Republican, to renew the frequent and never unexpected Democratic assaults against my brother. We have pitched this campaign upon a high plane, as we always do. Mr. Powers has discussed Bosworth's public record, as he has a perfect right to do. My brother never descends into personalities unless it is forced upon him. My brother could have charged that Senator Bosworth only a little while ago was turned out of the Baptist Church at Middlesboro.

Both Caleb Powers and his wife are members, in good standing in the Baptist Church, but he has not referred either to that or to the many things in the private life of his opponent, of which the public knows nothing, but with which we are familiar and have affidavits to sustain our knowledge, but we will not use them, unless further attacked by Senator Bosworth.

It is reported that Senator Bosworth is to spend a good deal of money and whiskey in this race, and that he is to put men into the saddle all over the district in getting out his vote. It behooves our friends, therefore, to see to it that every voter favorable to my brother in every voting precinct in the entire district come to the polls and cast his vote. If our friends will do that we will carry every county in the district.

Thanking you for your loyalty and your friendship, both for my brother and myself, I am,

Your friend,

J. L. POWERS,

Campaign Manager for Caleb Powers.

FARM TRAIN ON BIG TRIP

Train Has Complete Equipment For Carrying on Demonstration Work.

Lexington, Ky.—With complete equipment for carrying on demonstration work and giving first-hand instruction in horticulture, poultry raising and forestry, the special train traveling under the auspices of the Kentucky Experimental Station extension department and the industrial department of the Louisville & Nashville Railroad Co. left here to be gone for ten days, covering the entire eastern section of the state. This is the third year of the state agricultural trains that have visited every section of the state except the eastern portion, which is now to receive attention. Thomas R. Bryant, of the Kentucky Experimental Station, is general manager and superintendent of the agricultural special. He has charge of all extension work at the experimental station. Prof. J. H. Carmody, of the extension department, will be a member of the train party. The poultry department is in charge of D. D. Slade, of Fayette county, one of the best informed men in the industry in the Bluegrass section. The forestry department is in charge of Prof. H. B. Holroyd. Prof. Bryant will deliver a number of lectures on agriculture.

TWO KILLED IN STORM

Several Persons Injured—Property Loss Will Reach \$200,000.

Henderson, Ky.—Two known dead, several injured and at least \$200,000 property loss is the terrible toll of a cyclone which swept through the heart of Henderson. The known dead are Mrs. William Sull and Bonnie Sull, aged 14. The injured are: David Banks, banker, thrown from horse and injured about the head; Mrs. R. G. Whitledge, struck by falling tree and injured. The path of the cyclone seems to have been only four blocks wide and about twelve blocks long. It seems to have hit the city in the lower end; blowing down smokestacks. Giant trees were uprooted and carried blocks away. They were twisted to pieces and hurled in all directions. They fell across the streets and sidewalks and were hurled upon buildings.

EQUAL RIGHTS ASSOCIATION

Chooses Daviess City and Tentatively Selects November 5 To 7 as Dates.

Lexington, Ky.—The board of the Kentucky Equal Rights association, at a meeting here, accepted the invitation of Owensboro to hold their state convention in that city, provided a hall convenient for the meeting can be obtained. Preference was given Owensboro largely because of its geographical position, it being the wish of the officers to attract as many members as possible from the southwestern portion of the state. Rabbi Steven Wise, of New York, and Beatrice Ford Robertson, will be among the speakers. Mrs. Medill McCormick, of Chicago, also will be invited. The date of the convention has been tentatively agreed upon as November 5 to 7.

WILL MAKE HOOKWORM INQUIRY.

Health Officers and Rockefeller Expert To Visit Livingston County.

Paducah, Ky.—An investigation is to be made in Livingston county by Dr. W. W. Richmond, member of the state board of health; Dr. D. P. Curry, of the Rockefeller Institute, and Dr. F. G. LaRue, county health officer, to ascertain if hookworm and other contagious diseases are prevalent there. They also will visit other counties in Western Kentucky.

SIX ARE WOUNDED IN BATTLE.

Central City, Ky.—In a revolver battle between striking miners and a force of men with J. P. Cox, superintendent of the Bevier Coal Co.'s mines at Cleaton, near here, six men, all strikers, were wounded. The miners struck three weeks ago, following the company's refusal to furnish them with transportation to the mines.

WATER CAUSES AN EPIDEMIC.

Henderson, Ky.—Government and state experts called here by the typhoid epidemic place the blame on the Ohio river water, into which sewage is run and which is drunk "raw" by many citizens. Henderson is up against a pure water problem and has sent to Urbana, Ill., for a sanitary engineer.

WILL BUILD A NEW RAILROAD.

Lexington, Ky.—The Forman-Earl Co. lumbermen, will build a twenty-five-mile standard gauge railroad from Ida May, on the L. & N. to Buffalo, Owsley county. T. C. Feller, of this city, is now at work securing the right of way and work on the new line will start soon.

RAISE LICENSE FEE TO \$750.

Lexington, Ky.—The City Commissioners at a meeting adopted a resolution instructing the City Solicitor to revise the local saloon ordinance between now and January 1 next so that the annual license shall be \$750 for each saloon; that the maximum number of saloons be placed at 75, and that no saloon be conducted in conjunction with any other business save a bona fide hotel of at least 25 rooms. This is a modification, as the license originally stood for \$1,000.

THE KITCHEN GARDEN AND HOME ORCHARD

Gardening and Fruit Growing Appeals to Man—Profit Made From Small Plot.

Perhaps there is no branch of agriculture that appeals to man more than that of gardening and fruit growing. The desire to see something growing as the result of our own efforts is by no means confined to the man living in the country, for it appeals to the man living in the city as well. A great many cases it is said to be that the city man, with his small backyard garden, too often puts his country brother to shame when it comes to the matter of a home orchard or, better still, a kitchen garden. The average man in the country justifies himself for the lack of a garden because of the lack of time or more often because gardening is woman's work. While it is true that the work necessary for the proper care of the orchard and garden often conflicts with the more important farm operations, still it is not a legitimate excuse, because the satisfaction and profits derived are generally greater in proportion than those derived from other crops.

The profit derived from a good kitchen garden, where asparagus, rhubarb, horseradish and other vegetables are grown, is almost invaluable from the standpoint of health as well as wealth. Who does not relish a meal where one of these vegetables is served after living all winter on the heavy nitrogenous foods that make up the major portion of the bill of fare during the cold months?

Fortunately this condition does not hold true for all the sections of the state. In the mountains one can not help being impressed with the number of small kitchen gardens that are located near the house and for the most part tended by the housewives. In this garden one will find all sorts of vegetables that do well during the summer and early fall before the frost appears. At the same time one can not help being impressed by the absence of hardy vegetables that will keep well during the winter months. The small fruits, such as the strawberry, gooseberry and raspberries all do well, as evidenced by the fact that they are to be found growing wild on the hillsides, still like the late vegetables they are conspicuous by their absence.

It is possible that a great deal could be made in many sections of Eastern Kentucky by planting out the smaller fruits and providing means for canning them at home if necessary. All of the mining districts consume great quantities of canned fruits and these could be easily put up in many cases right in the mining districts, for oftentimes mining operations are stopped during the summer months when the small fruit crop is at its height. While small fruits offer quicker returns, one should not lose sight of the more stable fruits like the apple, pear, peach and plum. The apple especially gives great promise in Eastern Kentucky. The peach and plum are more uncertain because of the climate and the pear is very susceptible to blight.

The many caves located towards the tops of the mountains offer excellent opportunities for the production of the highest grade of fruit. The two prime requisites for apple culture, namely, good air and water drainage are provided in nearly every section.

The question of marketing will always play a most important part in successful fruit growing. Kentucky annually imports a great deal more fruit than she produces, even in view of the fact that the state ranks fifth in the number of bearing trees. A large amount of this imported fruit is shipped from the West and from Michigan where labor and the allied means of production are very much higher than they are in Kentucky. An authority on this subject recently stated that it costs one dollar and forty-three cents to produce and market a bushel of western fruit on our eastern markets. If the western growers can make a profit after this excessive charge, the Kentucky growers should be able to equal it at least with the market at his own door.

Disease and insect pests cause a great deal of loss because no systematic effort has been made to keep them in control, and undoubtedly this accounts for the great damage so often noted. San Jose scale is especially bad and it promises to wipe out many of the old orchards entirely. Although it appears very bad to the casual observer, it has often been termed a blessing in disguise where proper means of control are employed.

A great many farmers feel that they can not afford to wait long enough for an orchard to mature. It is true that it takes a long time for an orchard to come into bearing, but if the plan of growing small fruits as a side line is followed while the trees are growing, a profitable income will thereby be derived.

The fruit grown in Eastern Kentucky is equal to that produced in any other section. The standard varieties like Rome, Grimes, Jonathan, York Imperial, not to mention the Berry Red, Champion, King David, Black Ben and many others that are not so commonly found.

People interested in fruit growing and gardening throughout Eastern Kentucky will do well to visit the horticultural car that is soon to traverse the railroads in that section. Various orchard practices, such as planting, cultivation, pruning and spraying, will be fully discussed. In addition samples of the various diseases and insect pests will be on exhibition and the proper means of control will be fully explained.

hope they will visit us again
soon.

Mrs. Martha Blanton, of Gibbs,
passed to the great beyond last
Thursday night. She had been
ill with typhoid a few weeks
and was thought to be improv-
ing when she took a relapse and
died. She was a true christian
from childhood. She leaves a
husband, one child two years
old, a father, two brothers, four
sisters and a host of friends to
mourn her loss. We extend our
heartfelt sympathy to the rela-
tives in their bereavement and
commend them to Him who doeth
all things well.

Misses Nora Hammons and
Alice Hecker were guests of M.
Sibyl E. Lewis Saturday night.

Gilbert Cobb, of Sprule, was
in our burg, Sunday.

School is again in session at
this place. Glad to see Oscar
out again even if he has to use
his crutches.

Troy Parrott escorted Julia
Helton home from church, Sun-
day.

Miss Sibyl E. Lewis, of this
place entertained the following
guests at dinner Sunday: Misses
Tilda Blevins, Alice Bundy,

WHEELER NEMS

Bill Baldwin has gone to Gatlin
to work.

The Brush Creek Mining & Man-
ufacturing Co got their new motor
to working last week.

R N Baldwin made a temperance
speech Saturday night at Buckeye
to a large and appreciative audience
his subject was "Whitley County
wet and Whitley County dry."

R C Partin, store clerk for R L
Wheeler, has typhoid.

Leander Mosely, of Corbin, is at
work here this week.

Mr and Mrs R C Bain were week
end visitors at Ingram.

Albert Jones, of Rockhold, visited
relatives here this week.

R N Baldwin, our teacher, an-
nounced in chapel a few mornings
ago that he would hold mid term
examinations for all grades above
the third, and offered as a prize to
the pupil making the highest grade
in each class one years subscription
to the Mountain Advocate, Knox
County's best newspaper. This will
mean four or more new subscrip-
tions for our paper; if every teacher
in Knox County would do as much
it would add four or five hundred
new subscriptions to our paper in
Knox County; what would be a
better prize? In what way could
teachers better secure the coopera-
tion of the people and the press?
Here's hoping to hear much news
about the schools of the county
thru the columns of the Advocate.

SPRULE NEWS.

(By Paul)

Crops are looking fine here since
the rain.

land, Sunday.

G G Cobb reports a very pleasant
evening at Sam Woollums Sunday,
lots of nice ripe peaches, a good
dinner too.

Civil War Mock Currency.
An antiquarian society has recently
obtained one of the most interesting
collections in the country. It consists
of the commercial tokens and mock
coins issued by tradesmen during the
Civil War when small change of the
government stamp became a rarity.
There are in the collection about one
thousand nine hundred varieties of
tokens.

Danger in Hasty Reforms.
Society's wrongs are deeply embed-
ded in law and tradition, and there-
fore they are not easily righted. So
it is wisdom to go slowly, even when
going in the right direction, lest
stumbling progress be retarded. Re-
formers should try to avoid the waste
of haste.

Poor Adam.
"If Adam had lived till now," says
Mr. Snowden, "and had worked hard
at honest labor the whole time, and
had been a thrifty man withal, he
would not have had an income like
some of those enjoyed today." Mr.
Snowden is apparently presuming that
Adam's wife would have lived as long
as her husband.—Punch.

CORTRIGHT
METAL SHINGLES
Are Stormproof

They interlock and overlap in such a way that the hardest driv-
ing rain or sifting snow cannot possibly get under them.
Besides this—they last indefinitely, and never need repairs.
Another point—They're very reasonable in first cost. You can
learn all about them from

"Cured"

Mrs. Jay McGee, of Steph-
enville, Texas, writes: "For
nine (9) years, I suffered with
womanly trouble. I had ter-
rible headaches, and pains in
my back, etc. It seemed as if
I would die, I suffered so. At
last, I decided to try Cardui,
the woman's tonic, and it
helped me right away. The
full treatment not only helped
me, but it cured me."

Cardui
The Woman's Tonic

Cardui helps women in time
of greatest need, because it
contains ingredients which act
specifically, yet gently, on the
weakened womanly organs.
So, if you feel discouraged,
blue, out-of-sorts, unable to
do your household work, on
account of your condition, stop
worrying and give Cardui a
trial. It has helped thousands
of women—why not you?
Try Cardui. E-71

Bee's Favorite Color.

The late Sir John Lubbock, one of
the most noted authorities on bees,
proved by long observation and repeat-
ed experiments that blue is the fa-
vorite color of the bee, and that next
after blue come, in order of prefer-
ence, white, yellow, red, green and
orange. Sir John determined the fact
that a bee visits about 25 flowers per
minute, and that it always keeps to
the same species of flower during each
visit to the fields.

Kentuckian Escapes Operation By Using Mayr Stomach Remedy

Mr. Burnett Says Wonderful Treatment Saved his Life With Few Doses.

Horace Burnett, of Somerset, Ky., was a sufferer from stomach disorders for a long time. His condition became highly serious and he feared an operation.

He took Mayr's Wonderful Stomach Remedy and got swift results. In a letter telling his experience, he wrote:—

"Your treatment has certainly helped me wonderfully. I took my fifth dose last night and it brought good results. I have one more dose to take and I think I will be well. Your tonic is wonderful. I can eat anything now that I want to. I can never get through thanking you for your medicine, for I know it saved my life, for I have tried all the doctors and they said I would have to be operated on."

Such letters come from all parts of the country. This remedy is known everywhere for its remarkable results.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations and many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's MAYR'S. Go to Herndon Drug Co's store, Barbourville, Ky., and ask about the wonderful results it has been accomplishing in cases they know about—or send to Geo. H. Mayr, Mfg. Chemist, 154-156, Whiting Street, Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful results.—[Adv.]

Confirmed Testimony

The Kind Barbourville Readers Cannot Doubt

DOAN'S KIDNEY PILLS have stood the test. The test of time—the hardest test of all. Thousands gratefully testify. To quick relief—to lasting results. Barbourville readers can no longer doubt the evidence.

It's confirmed testimony—twice-told and well confirmed.

Barbourville readers should profit by these experiences. J. W. Tuggle, Main Street, Williamsburg, Ky., says: "I had a dull pain in the small of my back and the kidney secretions became unnatural and too frequent in passage. I had read about Doan's Kidney Pills and decided to try them. I got a supply. I was not disappointed with the results. They quickly drove away the pains and aches and restored my kidneys to their proper working order. It gives me pleasure to confirm what I said about Doan's Kidney Pills in my former endorsement of them. The cure they gave me has been permanent."

For sale by all dealers.—Price 50-cts.—Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Vote for Caleb Powers for the Republican Nomination for Congress.

In order to do this, go to the election on the first Saturday in August, which is August 1st. Call on the officers of the election to hand you a Republican ballot. Go to the voting booth and stamp in the square opposite the name of Caleb Powers and the work is done. He is a Winner. No Democrat has a right to call for a Republican ballot. No Republican has a right to call for a Democrat ballot.

CORBIN vs WILTON

Manager Fore took a badly crippled team representing Wilton to Corbin and received a beating at the hands of the Corbinites; this seemed to fill Corbin with hope and they came up to Wilton for a return game. The two teams clashed arms on the field at 2 o'clock. Wilton's battery being made up of recruits, Barton and Fore; Corbin, Berry and Bales. Brooks was easily the star of the game, accepting nine chances in the field and batting out two two-baggers with men on bases. He fielded in fine shape at second but Surgener also played first in fine style; Morgan showed up well both in the field and at bat. Goodine gave an awful exhibition at second, making two hard errors with men on bases. In the 7th inning, with 6 to 3 against him, Barton laced out a two-bagger scoring two men and came in on the next hit.

Line up follows:

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F J Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

FRUIT TO DRIVE OUT MOONSHINE

CANNING CLUB WORK STARTED IN THE MOUNTAINS OF KENTUCKY.

NATURAL RESOURCES WASTED

Transportation Problem Needs Adjusting—Experts Complete Survey—Solution of Question.

Western Newspaper Union News Service. Louisville, Ky.—The real economic need of the Kentucky mountains, according to the report of a survey made by agents for the government canning club work to the State Department of Agriculture, is a solution of the elemental transportation problem of hauling a load both ways. They are producing little for sale, while wagon loads of merchandise are hauled from the railroads twenty and thirty miles at a cost of 65 cents the hundredweight. Inferentially it gives to moonshining more of an economical than a moral cast, for the conversion of corn into liquor multiplies its cash value, makes it easier to handle and cheaper to transport. The government agents intend to demonstrate that, rights aside, the canning of fruit is more profitable and more easily marketed. The mountains abound in wild blackberries, the best peaches and the finest sweet potatoes in Kentucky. The mountain people have no more to learn about the handling and marketing of fruits than people of any other section, the report says. It only is more vital to them, because they are more housebound, supplied with the raw material, and it is their only resource.

ONE HUNDRED AND EIGHTY-NINE

Entries to Breeders' Futurity to Be Run in 1916.

Lexington, Ky.—The list of entries for the Breeders' Futurity for 1916 which has closed, shows 189 entries for the rich event which is the big stake for two-year-olds run every year at the spring meeting of the Kentucky association. This stake is one of the most hotly contested two-year-old stakes in the country, as well as one of the first to be run off every year, and serves to give a line on the thoroughbred youngsters in the west. In the list for 1916 there are fifty-seven of the best sires in America and five English sires represented. Hailot leading the American sires with twenty-three of his offspring. Peep O'Shady comes next with seven, Star Shoot next with six, Peter Quince and Ben Brush with five each, and Waterboy, Ogden and Buck follow next with six each. The English sires are entered by Irving H. Whistler, and represent the following sires: Sundridge, Alarax, Whistler, Third, Mush room and Vain.

HENDERSON FIGHTS TYPHOID

Emergency Hydrochloric Plant To Be Installed To Purify Water.

Henderson, Ky.—An emergency hydrochloric plant is to be installed in Henderson at once to kill the typhoid fever germs in the Ohio river water that is drunk raw by so many citizens. The plant is to be installed by W. D. Hays, assistant state sanitary engineer. Chlorine will be pumped direct into the mains at the high pressure pump, thus neutralizing all typhoid fever germs. Typhoid fever continues prevalent in Henderson and an emergency plant is considered the only way of checking the ravages of the disease until such time as arrangements can be made to get pure drinking water for Henderson.

LARGE SALE OF JERSEY COWS

Winchester, Ky.—Probably the largest Jersey cow sale ever consummated at one deal in Clark county was made when S. J. Conkright, proprietor of the Belle Mead dairy, purchased of Willis Golden his entire herd of Jersey cows. The Belle Mead dairy, even before the purchase, was one of the largest and best-equipped dairies in this section, and the addition of the twenty-five Jerseys gives to it a herd of seventy cows.

RAILWAY FRANCHISE OFFERED

SANITARY RULES FOR KY. LIVESTOCK

TUBERCULAR COWS WILL BE SAVED TO OWNERS—PROTECT THE PUBLIC.

EXPERTS WILL GO ANYWHERE

Testing of Dairy Herds Will Be Conducted in the Future Under State Board Regulations.

(Special Frankfort Correspondence.) Frankfort.—Testing of dairy herds for tuberculosis will be conducted in the future under regulations of the State Live Stock Sanitary board, without cost to the owner and without the total loss of such cattle as may be infected. This object has been preserved in the rules prepared by the board. All cattle found to be infected must be killed, quarantined or isolated. Such cattle may be shipped for slaughter to any market under government inspection. Dairy cows, so infected, may be isolated and bred, their calves being taken from them as soon as born. "The destruction of tuberculosis-infected cattle has been the cause of greatest complaint against inspection," said Commissioner of Agriculture J. W. Newman. "Our rules provide that after a dairy cow has been proven to be infected her milk shall not be given or sold for human consumption, not even to the family of the owner. But I would roughly guess that there are in Kentucky 500 cows that cost \$1,000 each. It is not necessary, if one of them is infected, for the owner to lose out entirely. The cow can be bred. Her calf need not necessarily have tuberculosis, if it is taken from her and given to another cow. So, while the public is protected, the owner is also given a chance to recoup."

Will Save Thousands.

Thousands of dollars will be saved parents of school children by a ruling made by Barksdale Hamlett, superintendent of public instruction, regarding the exchange of schoolbooks under the state text-book adoption. Hamlett holds that under the act of 1914 all publishers will be required to take up and exchange books in any condition provided they are of the same grade. The ruling was made to correct an impression that has gone out that such books offered in exchange would have to be in good condition. Hamlett's interpretation of the law is that the "good condition" clause applies only to such books as are held by dealers on their shelves, which, of course, must be taken up by the contractors at the original net price. Regarding this the law says: "Such new books as are held in Kentucky now, or at any future adoption, by purchase by dealers, and in good condition, shall be taken in exchange at the original net price by successful bidders from such dealers as hold in stock such books."

Express Appreciation.

The following letter was received by Mayor Rupert from the Cincinnati Chamber of Commerce: "On behalf of the members of the Trade Extension club of the Cincinnati Chamber of Commerce, under whose auspices our trip to Frankfort on the 14th was conducted, I wish to thank you for the courtesies extended to us at Frankfort and to express our appreciation of the treatment received. Cincinnati has always taken a very deep interest in the welfare of the merchants of Kentucky—in fact, we feel that we are inseparably bound to the state of Kentucky by ties of friendship and business relations running back for many years. Assuring you that we shall be very glad to have you visit Cincinnati and permit us to return your hospitality. Very truly yours—Carl Dehoney."

Not To Meet in August.

Owing to a congestion of the docket, which the commissioners wish to dispose of this summer, the railroad commission has decided not to hold an other regular meeting until the first Wednesday in September, but will hold several consultations in August at Louisville or Lexington for the purpose of disposing of the cases now before it. Every case has been passed to the September docket.

Honorary Vice President.

As governor of one of the seventeen states in 1814, when Francis Key wrote the national anthem, Gov. McCreary has been made honorary vice president of the celebration at Baltimore, September 6 to 15, of the centennial of the writing of the anthem, by the National Star-Spangled Banner association. J. H. Preston is the president and R. E. Lee, secretary.

Many Concerns Affected.

The Clear Fork Coal and Coke Co. of Fonde, Bell county, has raised the question whether under the workmen's compensation act it can include miners employed over in Tennessee line. Its mine unit is in Kentucky, but its coal entries are all in Tennessee. Robert T. Caldwell, of the attorney general's office, advised the company to include in its report to the compensation board only the men actually employed in Kentucky. This opinion will affect a great many concerns located on the borders of the state.

MANY ENTRIES ARE MADE

For the Blue Grass Fair Races at Lexington.

Lexington, Ky.—James P. Ross, racing secretary for the Blue Grass Fair, announced the program of running races for the first three days, August 3, 4 and 5. There will be three races daily. The card for August 3 provides a purse of \$150 for maiden two-year-olds, five furlongs; purse \$150 for three-year-olds and upward, six furlongs, and a purse of \$200 for three-year-olds and upward, one and one-sixteenth miles; Aug. 4, purse of \$150 for maiden three-year-olds and upward, six furlongs, and a purse of \$150 for three-year-olds and upward, one mile, purse of \$200 for two-year-olds, five furlongs. August 5, purse of \$150 for maiden two-year-olds, five furlongs; purse of \$150 for three-year-olds and upward, one mile; purse of \$200 for three-year-olds and upward, six furlongs. Out of the \$200 purses the second horse will get \$25 and the third \$10. The last three days program will be announced August 5.

A WONDERFUL DEVELOPMENT.

Hundreds of Thousands of Acres of the Mountain Sides For Orchards.

Hazard, Ky.—Just to give an idea of what the Louisville & Nashville railroad is doing for the development of Eastern Kentucky, Haddix, Breathitt county, three years ago was not on the map, but it turned out more than one hundred people to see the Mountain Special and hear the lectures. Homes by the score dot the mountain sides and valleys. The valley of the north fork of Kentucky river which the railroad follows closely, is one unending strip of corn and garden patches. Chavies, nineteen miles from Hazard, was the next stop. Acres of railroad ties lay to the right of the train while to the left were several acres of land well set in a luxurious growth of soy beans for soil fertility, an example that our Blue Grass farmers might well pattern after. The mountain farmers are getting their eyes open to advanced agriculture. At Chavies poultry was the subject that engrossed their attention. The lectures were beneficial because of the great variety of questions asked. Each farmer and his wife took home a number of bulletins and are going to get into the business of poultry production along commercial lines as a source of income for their industry and energy.

KENTUCKY INSURANCE LAW

Held to Be Unconstitutional By Attorney General of Kentucky.

Frankfort, Ky.—Assistant Attorney General Logan held that the act of 1912, amending the Kentucky statutes, providing for the organization of co-operative assessment life insurance companies, is unconstitutional. The Kentucky statutes provided that in order to organize such a company there must be sold \$200,000 capital stock, 5 per cent of which must be paid in, and that the company must comprise 200 members. The act of 1912 amended the Kentucky statutes by providing that a guarantee fund of \$100,000, in addition to the requirement of the Kentucky statutes, must be created before the company could do business. A company in Louisville attempted to organize and do business, but the Insurance Department refused to permit the company to do business, claiming that it had not complied with the act of 1912. The matter was then submitted to Attorney General Logan, who held that the act of 1912 violated Section 51 of the constitution, as it attempted to amend the Kentucky statutes without incorporating and setting out the old act in full, as required by the constitution.

PLAN TO TEST OPTION LAW.

Saloon Man at Winchester Says Is Object of Petitions.

Winchester, Ky.—It was rumored that it is the plan of the "wets" to have separate elections on the liquor question in the city and county. Petitions to this effect have already been circulated, but it was stated by a saloon man that the petitions were being prepared in order to make a test of the county unit law, should the city vote wet, while the county as a whole went dry.

AGED MOUNTAINEER IS DEAD.

Whitesburg, Ky.—"Uncle" Jim A. Hall, aged 102, one of the oldest men along the border of the two states, Kentucky and Virginia, died at his old home a few miles from Pound, a hamlet near the state line, after a long illness, leaving many descendants in the mountains of both states. Uncle Jim, as he was familiarly called, was born in Tennessee and came to the mountains when a mere boy.

ONE MILLION POUNDS OF SEED.

Lexington, Ky.—A million pounds of blue grass seed will be shipped to Europe from Lexington this year, according to estimates made by local seed and grain dealers. This amount is greater than for the last few years on account of the unusually large supply and the lower price which has prevailed. Foreign buyers making the most of the opportunity. Some fifteen carloads have already been moved to the seacoast and other orders are being filled by local dealers.

NOTICE!

To The Road Officers, Road Hand and Citizens of Knox County:—

A few days ago the new Road Law of Kentucky went into effect. The new Road Law provides that the County Judge lay off the county in districts and appoint an overseer for each district and allot the road hands for each district, (these being all of the able bodied male citizens between the age of 18 and 50 residing in the road district.) The County Judge will at the regular County Court, on the 27th day of July, 1914, lay off Knox county into Road Districts, allot the road hands for each district and appoint road overseers for each district. Under the new law, the system of working the county roads is materially changed. For the present, no one will be authorized to hire or employ another to do any work on the Public Roads, and if anyone assume to make contracts for road work, it will be without authority of law, and the person doing the work will be unable to receive any pay therefor, and no one is authorized under the law, since the new law went into effect to collect money from any person in lieu of services on the road, and all persons are notified not to pay any money to Road Overseers or any other person for the purpose of having the road worked. Of course this does not apply to taxes collected by the Sheriff of the County. And all persons will bear in mind that no one at present is authorized to employ you to work on the roads, or to collect any money from you. Just as soon after the 27th of July as is practicable the new system of working the roads under the new law will be put into effect. The new law in many respects is very similar to the old law in force prior to 1912. The road law enacted in 1912 has been repealed. It is not the law now, nor never has been for anyone to pay money in lieu of work on Road and I, as Judge of the County Court, will not stand for it.

Respectfully yours,

THOMAS G. HAMMONS, Judge

SEXUAL KNOWLEDGE

ILLUSTRATED 320 PAGES.

Tells all about sex matters; what young men and women, young wives and husbands and all others need to know about the sacred laws that govern the sex forces, plain truths of sex life in relation to happiness in marriage. "Secrets" of manhood and womanhood; sexual abuses, social evil, diseases, etc.

The latest, most advanced and comprehensive work that has ever been issued on sexual hygiene. Priceless instruction for those who are ready for the true inner teaching.

This book tells nurses, teachers, doctors, lawyers, preachers, social workers, Sunday School teachers and all others, young and old, what all need to know about sex matters. By Winfield Scott Hall, Ph. D., M.D. (Leipzig.)

Newspaper Comments:—

"Scientifically correct."—Chicago Tribune. "Accurate and up-to-date."—Philadelphia Press. "Standard book of knowledge."—Philadelphia Ledger. The New York World says: "Plain truths for those who need or ought to know them for the prevention of evils."

"Non-Puncture" Auto Tires
Guaranteed 7,500 Miles
Service

These tires bear the greatest known mileage guarantee, yet are sold at a price even less than tires of ordinary guarantee. This guarantee covers punctures, blow-outs and general wear. Guarantee covers 7,500 miles service against everything except abuse. These tires are intended for most severe service. Orders have been received for these tires for use in the United States Government Service.

As a SPECIAL INTRODUCTORY offer, we will allow the following prices for the next ten days:

TIRES--TUBES

Tire	Tube
28x3	\$ 9.20
30x3	10.25
30x3 1/2	10.25
32x3 1/2	13.50
34x3 1/2	14.05
34x4	15.25
36x4	17.00
36x4 1/2	18.00
38x4	19.50
38x4 1/2	20.40
38x5	21.00
38x5 1/2	22.00
38x6	26.00
38x6 1/2	27.00
38x7	27.50

Fun for the Children.

A peculiar event which took place at Florence, Italy, was an annual marble scramble, held through the generosity of a local manufacturer. Many children gathered and "scrambled" for a pair of marbles, then \$63 in change, candy (for girls only) and fifty ten dozen baseballs (for boys only). The scramble was followed by an annual baby show.

TAXES!

TAXES!! TAXES!!!

1914.

Your tax for 1914, the County, State and School, are now due, and you are hereby requested to come to my office and settle same at once. I am now two months late on account of the Books not being ready for me at the proper time. The State Auditor under the New Law, requires a full settlement sooner than usual, or I cannot fill new Bond for next year. I intend to give each and every man a reasonable time in which to settle, then I shall proceed to collect as the Law directs, collecting the Penalty as I go.

So come at once and save time trouble for me, and mortification and expense for yourself.

Very truly yours,

S. L. LEWIS, Sheriff

jul 17-tf Knox County.

Unlucky Coins.
A peculiar superstition relating to coins is said to be current in Burma. The inhabitants prefer those bearing female heads, believing that coins with masculine effigies will not bring so much luck.

CASH STORE

FOR SEVERAL YEARS

We have been trying to get our business on a CASH BASIS, and have reached that point. No customer will be allowed to take any article from our store without leaving the money, or it's equivalent, which means that you may trade us produce, you may give us your check, or we will take your note with surety. We publish these facts so that you may not be disappointed and that you may know what will be required.

We propose to sell you goods for less money than any credit store can afford to sell you and when you pay for the goods you get of us, you will know that you are not paying some other fellow's account, the credit store must make up for bad accounts and the man that pays his bills pays the bad ones also.

Staple and Fancy Groceries.

We have recently added a fresh line of GROCERIES and will be able to deliver your goods right at your door, in a short time you will see our wagon on.

PRODUCE WANTED

We will handle all kinds of PRODUCE. This means varieties, and might mean good and bad, but as we mean to pay the highest market price for the good, you are supposed to get the best.

"OWENSBORO" WAGONS Best On The Road

We have on the road a Car Load of the celebrated "OWENSBORO" WAGONS, the lightest running, the stoutest and best wagons made, all wood work made of bone-dry hickory and oak, every one warranted for one year, written guarantee goes with every wagon. If you do light or heavy hauling we can suit you, if you want a wagon for the farm we can suit you, the prices and terms easy.

We are open sixteen hours six days in the week, and invite you to give us a call.
